

Case No U0227

18 February 2025

Mr Carlos Tabone
Permanent Secretary
Ministry for Lands and the Implementation of the Electoral Programme

Dear Mr Tabone

This Office has taken note of the latest update and acknowledges that significant inroads have been made to ensure that the concessions are properly managed by the public administration. That said, no information has thus far been provided as regards the implementation of the publication recommendations made in the Final Opinion - mainly Recommendations 1(a), (b) and (c).

This Office kindly requests that it be given an update by 15 March 2025 as regards action taken or to be taken to implement said recommendations. In terms of Article 22(4) of the Ombudsman Act, should this Office deem said action as inadequate it will escalate the matter and bring the Final Opinion to the attention of the Prime Minister.

Kind regards

Judge Joseph Zammit McKeon
Ombudsman
