Case No CEP-21-2525

16 March 2023

The Executive Secretary
Mosta Local Council

Reference is being made to the Final Opinion dated 1 February 2023 and to our letter with the same date asking to be informed by 1 March 2023 of action the Local Council intends to take in line with the recommendations.

It is with regret that this case will have to be closed as sustained and recommendations not accepted by the Mosta Local Council after this Office received no reply to the Final Opinion.

This lack of reply is hindering the work of the Ombudsman institution.

Yours sincerely

Alan Saliba
Commissioner for Environment and Planning
Office of the Ombudsman
